Crowley's Ridge Educational Service Cooperative Annual Report 2016-17

Letter from the Director

SUBJECT: 2016-17 Annual Report

I consider it an honor to speak on behalf of CRESC. The stakeholders who create the smooth delivery of information on a day-to-day basis put forth a tremendous amount of effort and must have a high level of expertise in their job specific areas. This annual report is a compilation of efforts by the CRESC staff in an effort to summarize our activities for the year 2016-17.

Many changes have occurred in education since the inception of the Educational Service Cooperatives in 1985. The co-ops have assisted districts in embracing change for improving schools. They have done so by providing professional development and aiding in the building of capacity. The Co-ops have been instrumental in initiating the implementation of these many changes.   Thus, schools are able to meet the initiatives that have been rolled out by the Arkansas Department of Education.

The next few years will see variations in Co-op evaluation brought about by the legislature, as well as teacher licensure alterations, teacher and principal evaluation modifications, BloomBoard, changes in mentoring of new superintendents, and changes in assessment. It will be the responsibility of our staff at CRESC to make sure these changes are clearly communicated to all twenty-two school districts we serve.

With each and every school year comes greater accountability. Our educational system is under scrutiny regarding how we conduct school and how our students perform. We at CRESC feel committed to help our schools perform at a rate that meets or surpasses state and national expectations.

Education is probably changing faster today than ever before. We must change with it or become a victim of it.

John R. Manning, Director
Crowley's Ridge Educational Service Cooperative

Crowley's Ridge Educational Service Cooperative

Mission Statement

The purpose of this Cooperative is to be of assistance to member schools in achieving more efficient use of their shared resources; to be of assistance in meeting or exceeding accreditation standards; and, to promote coordination between districts and the State Department of Education in order to provide services consistent with district needs.

State Map of Cooperatives

The Crowley's Ridge Educational Cooperative serves the area marked on the map above. CRESC services public schools in:

Craighead County: Bay, Brookland, Buffalo Island Central, Jonesboro, Nettleton, Riverside, Valley View
Crittenden County: Earle, Marion
Cross County: Cross County, Wynne
Jackson County: Newport
Mississippi County: Armorel, Blytheville, Gosnell, Manila, Osceola, South Mississippi County
Poinsett County: East Poinsett County, Harrisburg, Marked Tree, Trumann

[X]   Low Incidence Handicapped (vision/hearing)

[X]   Early Childhood Special Education 3-5 years of age

[X]   Digital Learning

[X]   Behavioral Support Specialist

[X]   Nursing Services

VI.   ANECDOTAL REPORTS

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

CRESC partners with Arkansas State University (ASU) Education Renewal Zone (ERZ) and the College of Education to provide professional development opportunities to member districts, and pre-service teachers, co-host events with national speakers. Co-op and STEM specialists assist in delivering training to college groups, as deemed necessary by the university.

Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance.   The cooperatives hold the three hours Laws and Process training each year. The Arkansas Department of Education provides training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. CRESC is currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the upcoming school year.

Leadership Excellence and Development System - The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents, for whom an evaluation system has recently been being piloted. Trainings for the LEADS program throughout the school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives.

CRESC content specialists partner with ADE Professional Development Unit to write and develop new state-wide initiated trainings. Current projects being developed with CRESC committee members include Implementation of Comprehensive Literacy Framework K-1, 2-3, 4-5, and 6-8; Oral Language through the Dyslexia Committee; Explanatory/Informational Writing K-3; Building Deeper Understanding with Integer Operations; Transitioning to New Science Standards: Targeted Support for Teachers 5-8.

ACT Aspire – CRESC technology coordinator and staff have provided support to district testing and technology personnel as preparations were made for the implementation of ACT Aspire in the spring. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative

technology coordinator provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

CRESC also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2017 and the upcoming school year.

VII.   EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED
Number of new males employed by the cooperative for the 2016-2017 school year:
For this number above, please provide the number in each of the following racial classifications:
White 0
African American   0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of new females employed by the cooperative for the 2016-17 school year:
For this number above, please provide the number in each of the following racial classifications:

White   19
African American   1
Hispanic 1
Asian 0
American Indian/Alaskan Native 0

TERMINATED

Number of males terminated by the cooperative during the 2016-2017 school year:
For this number above, please provide the number in each of the following racial classifications:

White   0
African American   0
Hispanic 0

Asian 0
American Indian/Alaskan Native 0

Number of females terminated by the cooperative during the 2016-2017 school year:
For this number above, please provide the number in each of the following racial classifications
White   1
African American   0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2016-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

White   0
African American   0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of females seeking employment by the cooperative during the 2016-2017 school year:

For this number above, please provide the number in each of the following racial classifications:

White   19
African American 1
Hispanic 1
Asian 0
American Indian/Alaskan Native 0

GOAL:

It is the goal of the Early Childhood program to address the needs of children with disabilities through speech, occupational therapy, physical therapy, and teacher facilitated direct instruction.

PROGRAM SUMMARY:

CRESC's Early Childhood Program provides special education services for preschoolers on behalf of 21 out of the 22 member school districts in 6 counties. These services may begin at age three and continue until the child enters Kindergarten or turns 6 years of age. These services are provided at no cost to families. Preschool special education services may include services such as speech therapy, specialized instruction, and occupational therapy, physical therapy, and behavior interventions. These services are offered in accordance with IDEA (Individuals with Disabilities Education Act) of 1997. Preschool Disability Categories include: Autism, Deaf/Blindness, Traumatic Brain Injury, Visually Impaired, Orthopedically Impaired,

Non-Categorical, Hearing Impaired, Other Health Impaired, Multiple Disabilities, and Speech/Language Impaired.

To get started our program begins with a screening. Screenings include short tests of vision, hearing, speech, and general development and give a small sample of a child's skills. Screenings do not determine if a child needs special education but rather aid in determining if further evaluation is needed. If further evaluation is recommended, a meeting is scheduled with the child's parent to discuss the evaluation procedure and the program's services. After eligibility is determined children are placed and served in our program at no cost to the parent until a child enters kindergarten or turns 6 years of age.

MAJOR HIGHLIGHTS OF THE YEAR:

During the 2016-2017 School Year the Early Childhood Program interacted with more than 2000 families. There were 577 children provided with preschool special education services. Thirty plus children were dismissed after a year or more of serves under an IEP. Approximately 312 children transitioned to kindergarten for continued services.

PROGRAM: Arkansas Better Chance (ABC) and Child Care Development Fund (CCDF)

FUNDING AMOUNT:
State: ABC: $923,400   Federal CCDF: $109,000   Federal: Better Beginnings: $5,500

GOAL:

The CRESC ABC and CCDF Programs provide high quality preschool services on behalf of the public school system. The preschool program provides services to children who are 3 and 4 by August 1 of each year.   Preschool services include preparing children for kindergarten including Pre- Reading with letter and sound recognition and Pre-Mathematics with number recognition and counting activities. Science activities are related to the natural world through observation and experimentation. Engineering is Elementary (EiE) preschool units designed by the Boston Museum of Science are used for engineering exploration throughout the year.   Supportive service provided free of charge to children include speech therapy, specialized instructional services, as well as, occupational and physical therapy.

Access to stable, high quality child care and early learning experiences improves the odds of success for two generations – parents and children - who rely on child care across the country. The Child Care and Development Fund (CCDF) provides resources to State, Territory, and Tribal grantees that enable low-income parents to work or pursue education and training so that

they may better support their families while at the same time promoting the learning and development of their children. CCDF provides funding to enhance the quality of child care for all children.

PROGRAM SUMMARY:

The CRESC Preschool Program is funded annually by state and federal grants. Through the ABC and CCDF Grants the program provides funding to enhance the quality of childcare for all children. CRESC provides services to 210 eligible preschool children aged three through four years old.   Preschool services are provided in eleven licensed classrooms on six school campuses located in five counties.

MAJOR HIGHLIGHTS OF THE YEAR:

The CRESC ABC and CCDF Preschool Programs receive consistently high ratings in all areas of childcare based on annual monitoring by Arkansas Early Childhood Environmental Rating Scale (ECERS). The Preschool program has earned and maintains the highest Better Beginnings rating of Level 3. Level 3 designation is based on many factors including high quality staff development provided at a minimum of twice monthly on each site and retaining high quality with a certified teacher in all classrooms and paraprofessionals with CDA certification.   The preschool staff and administrators are actively involved with several organizations including Arkansas DHS, Arkansas State University Early Childhood Services, and the National Association for the Education of Young Children (NAEYC).

PROGRAM: Gifted and Talented

FUNDING AMOUNT: $28,500

COMPETiTIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

COBURN,SHARON   45   MSE   GT Specialist

GOAL:

The goal is to assist member districts to meet the State's Standards for Gifted and Talented Education and Advanced Placement.

PROGRAM SUMMARY:

The GT Specialist serves as a liaison between the ADE and the districts by providing assistance and support through the ADE's annual monitoring process by assisting with pre-monitoring training and attending all monitoring visits as a support to districts. Our GT Specialist is involved in regional and state level programs. She also serves on several state level committees including Arkansans for Gifted and Talented Education (AGATE) and the Arkansas Association for Gifted Education Administrators (AAGEA). Our Specialist has served as the AGATE state Conference Chair, Conference Co-Chair, twice as Proposals Chair, and twice as the Student Showcase Chair.

MAJOR HIGHLIGHTS OF THE YEAR:

The CRESC Gifted and Talented Specialist provides a professional avenue for district GT Coordinators to become involved in regional and state functions. This year, five GT Coordinators from our districts were selected to present at the annual Arkansans for Gifted and Talented Education (AGATE) state conference. Our GT Specialist was recently elected to the AGATE state Board and will serve as the Affiliate Chair. Our Specialist is actively involved with Engineering is Elementary EiE and was trained as a national trainer at the Boston Museum of Science. This spring she received the AGATE Challenger Award for her efforts in bringing EiE STEM training to Arkansas. She has been asked to present EiE information at the AAEA Conference in August and at the Arkansas Curriculum Conference in November.   Our newest project is incorporating Computer Science Standards through Code.org into the GT classroom. Our Specialist designed a six-hour coding training for our GT Coordinators to use in grades K-3 GT Whole Group Enrichment. The Coding training will be shared with state GT Specialists. In October the GT Specialist from the across the state will visit CRESC and participate in *Personalized Learning* training with Arkansas Team Digital.

PROGRAM: Special Education/LEA Supervisor

FUNDING AMOUNT: $146,511.00

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Buffalo Island Central, Earle, Harrisburg,
Manila, Nettleton, and Osceola

PERSONNEL:

CAMPBELL, NIKKI	16	MSE	Special Ed LEA Supervisor
McELHANON, JANEE	14	MSE	Special Ed LEA Supervisor
PARKS, CHRISSIE	06	EDS	Special Ed LEA Supervisor
MURRELL, CATHY	12	BS	Administrative Assistant

GOAL:

To provide LEA supervisory special education services to eight districts within Crowley's Ridge
Coop area and provide ongoing training and support for district and school personnel, including
certified teachers, administrators, central office staff, and paraprofessionals.

PROGRAM SUMMARY:

Supervise and administer all district programs for children with disabilities under the Individuals
with Disabilities Education Act (IDEA). Provide consultation to special and regular education
personnel in the district. Designate appropriate professionals for appraisal, programming and
implementation activities as specified by state guidelines. Initiate and administer programs to
locate, identify, and evaluate students with suspected disabilities. Monitor operation of district
programs for children with disabilities to ensure operation in accordance with state approved
policies, procedures, and guidelines. Provide consultative assistance to regular education
teachers serving students with disabilities. Maintain information on and liaison with other public
and private agencies and individuals who provide services to students with disabilities in the
districts. Develop and monitor contacts with other districts, public and private agencies and
individuals who are providing services to students with disabilities in the district. Develop and
recommend the district special education plan and budget to the district superintendent.
Develop and administer the district's comprehensive system of personnel development for
special education. Serve as a liaison with the ADE Special Education Unit in matters concerning
education of children with disabilities. Serve as a liaison with parents and professional

organizations.

MAJOR HIGHLIGHTS OF THE YEAR:
Coteaching implemented at Harrisburg High School. Co-teaching continues to be implemented at the Osceola High School. Osceola self-Contained middle school students that were appropriate for attending Science began attending Science with general education students. One eighth grade self contained student received the Science award for most improved. Osceola special education students who are receiving dyslexia intervention showed growth with some reaching grade level. Earle School district fulfilled requirements set forth by the state to be considered in compliance with state standards. The Buffalo Island School District has seen growth in student population and is expanding special education services by adding a self-contained classroom to an elementary building. The Bay School District has worked this year to improve and expand the transition program for students with disabilities. One student is participating in the Arkansas Promise work program. Harrisburg High school has worked with Arkansas Transition this year and implemented the CIRCLES program to increase intra-agency collaboration to assist families and students transition from high school to postsecondary employment or education. Armorel High School special education department has partnered with the school's EAST class in creating a computer simulation program to help students with disabilities with life skills. Manila is adding an additional elementary special education teacher to lower teacher: student ratios. The special education department will be increased by one teacher during the 2017-2018 school year to ensure student needs are being met. Nettleton transitioned to the coop this year for their LEA and psychological evaluation needs. A self-contained classroom will be added to the high school next year, as those students have been served in the Junior High building. The goal of educating those students with their age appropriate peers will be met next year. Additionally, time students with disabilities spent in general education settings with non-disabled peers has increased during the 2016-2017 school year.

PROGRAM: Arkansas Transition Services

FUNDING AMOUNT: $91,000

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island, Cross County, Earle, East Poinsett, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, and Wynne. Areas outside CRESC include: Northeast Education Cooperative: Westside, Pocahontas, Sloan Hendrix, Hillcrest, Corning, Marmaduke, Greene County Tech, Hoxie, Lawrence County, Jackson County, Paragould, Piggott, Rector, Maynard

Great Rivers Education Cooperative: Barton/Lexa, Brinkley, Clarendon, Forrest City, Helena/West Helena, Hughes, KIPP Delta, Lee County, Marvell/Elaine, Palestine/Wheatley, West Memphis

PERSONNEL:

Williams, Jennifer   22   BSE   Transition Consultant

GOAL:

Arkansas Transition Services Transition Consultants' mission is to effectively assist students with disabilities, educators, parents, agency personnel and community members in preparing students to transition from school to adult life and reach positive post school outcomes. In essence, the Transition/Consultant endeavors to increase personal awareness and knowledge of Transition Planning Procedures and Practices. The Transition Consultant acts as a liaison between school districts, education cooperatives, the Arkansas Department of Education, and Special Education Unit-Arkansas Transition Section.

PROGRAM SUMMARY:

The Arkansas Department of Education, Special Education Unit, funds a grant by which the consultant group, Arkansas Transition Services, works to effectively assist students with disabilities, educators, parents, agency personnel and community members in preparing students to transition from school to adult life and reach positive post school outcomes, as mandated by the Individuals with Disabilities Education Act.

Arkansas Transition Services consists of six transition consultants across the state, including a State Transition Coordinator. All consultants provide district, regional and statewide trainings and technical assistance throughout the year. Arkansas Transition Services develops and provides trainings based not only on Federal mandates, but also on the needs of school districts and transition teams in the area of transition. Some of these trainings include how to develop transition classes, transitions assessment trainings, involving the student in transition planning, compliance with transition indicators, and how to gain parental participation and how to establish local transition teams. We continue to work hard to build capacity in the districts through thorough reviews of transition plans, followed up with report findings and recommendations for additional training. This has been an effective and proactive practice that districts have participated in prior to being monitored by the Special Education Unit.

ATS also works with adult service providers around the state to share concerns and possible strategies to better connect with schools and their students. A collaborative effort is made among districts, agencies and ATS to hold Transition Fairs to increase the knowledge of agency services around the state. Agencies are also invited to participate in IEP meetings and on local transition teams. ATS also maintains a leadership role in the Arkansas Interagency Transition

Partnership, which works to bring agencies together to discuss issues and develop strategies to better serve schools and students.

*Arkansas Transition Services has an agreement under an OSEP funded project, the National Technical Assistance Center for Transition (NTACT). NTACT is focused on improving transition outcomes. Each year, at least two ATS representatives attend the NTACT sponsored, Capacity Building Institute as a state team, along with Arkansas Rehabilitation Services representatives, teacher representatives and IDEA Data and Research representatives. In 2016, we were notified that Arkansas had been selected to be an "Intensive State" with NTACT. We have begun receiving assistance with the development and implementation of technical assistance/professional development plan based on the goals and outcomes we identified in our application. The goals within our updated technical assistance plan are as follows:
*By June 2018, we will increase, above baseline, the number of school personnel and agency staff (i.e., SPED, CTE, VR) with knowledge of current transition initiatives across agencies, including employment predictors and Evidence Based Promising Practices (EBPPs) to improve employment training opportunities for students with disabilities.
*Tasks for this goal:
*Develop a collaborative survey (i.e., ADE, ATS, ARS, CTE, DSB) to collect baseline data on areas of transition service strengths and needs for school personnel, VR counselors, CTE Career Coaches, and DSB personnel, including the types of employment opportunities (e.g., sheltered workshops, enclaves, competitive integrated employment) that schools and agencies are providing to students with disabilities (completed)
*Jointly develop guidelines for LEAs, VR counselor, CTE working with students with disabilities to implement WIOA Implementation FACTS (completed)
*Jointly develop language across agencies (in progress)
*Develop a workflow of how Pre-ETS will be provided (in progress)
*Jointly create VR WIOA professional development for educators, building administrators, and agency staff to deliver during in-service trainings (in progress)
*Create cross-agency professional development on school-based transition programs, employment predictors and EBPPs (in progress)

*By June 2018, we will increase, above baseline, the number of teachers, VR, and adult service providers with knowledge of effective collaboration and the CIRCLES process by using the following resources and material: CIRCLES training, including related resources and materials, and TA support.
*Task for this goal:
*Implement CIRCLES in one local intensive district (Harrisburg) to establish a model of interagency collaboration (in process now).

We have also selected three district leadership teams which have agreed to work a local secondary transition interagency team to implement and scale-up evidence-based and promising practices and predictors of post-school success focused on improving secondary transition services for students with disabilities.

The CORE team attended the Capacity Building Institute in 2016 and began working on an infrastructure analysis of the agencies who lead the charge of carrying out our plan. The CORE team and additional State Implementation Team members, as well as members of three district leadership teams will attend in 2017. We have also been asked to present on our state collaborative efforts at this national conference. The State Implementation Team will continue to work on with the CORE team to carry out the Technical Assistance Plan

Transition File Reviews were provided for the following districts: Osceola, Trumann, Hillcrest, Pocahontas, Cross County, Nettleton
On site trainings/file review follow up were provided for the following districts: Blytheville, Gosnell, West Memphis. Great Rivers hosted an Interactive Toolkit training during the school year with 9 attending representing three districts. Crowley's Ridge hosted a Summary of Performance training with 31 attendees representing 14 districts. Transition Requirements review provided for Earle, Gosnell, Sloan Hendrix, Maynard, West Memphis, Nettleton, Pocahontas, Marion, and Bay. Monitoring follow up was provided for the Earle and Brinkley school districts. The 2016 Summer trainings were provided for the Crowley's Ridge Educational Services Cooperative, Great Rivers and Northeast Education Cooperative: Interactive Toolkit Training, Transition Planning: Considerations for Students on the Autism Spectrum and Students with Intellectual Disabilities, and Transition Practices for Post-School Success. Northeast Cooperative had 21 in attendance representing 9 districts. Crowley's Ridge had 36 in attendance representing 10 districts. Great Rivers had 1 in attendance.

MAJOR HIGHLIGHTS OF THE YEAR:

A Transition Summit is held every other year for local transition teams around the state to meet and assess the needs of the team's area. These teams then develop a plan based on those needs to improve transition outcomes. The 2016 ATS Summit was held October 19-20 in Hot Springs, AR. The focus was Student Development. 58 teams from 66 districts attended and over 300 people registered. It was the largest Summit on record with participation of many—from Facilitators (49), to presenters (50 presenters sharing 34 sessions), to exhibitors (23)! Agency participation was at an all-time high and a VR counselor was on almost every team and many had a counselor from Services for the Blind as well as other agencies.
We also held two Cadre meetings where the local teams came together to receive professional development in STEPSS, and evidence-based practices, including CIRCLES. CIRCLES is an innovative approach to providing transition planning services. In CIRCLES, there are two teams: a School Level Team (SLT), made up of school staff and the caseworkers and case managers of each of the outside agencies who might be able to help our students make this transition successfully, and a Community Level Team (CLT), made up of agency and district administrators. These two different teams meet separately to serve to different functions in the

CIRCLES model of service delivery. These Cadre events provided opportunities for continued team planning and networking, as well.

College Bound is another annual event held in collaboration with University of Central Arkansas. It is a three day residential program intended to increase student's knowledge of accommodations, assistive technologies, leadership skills, and other exciting aspects of college life. Parents and professionals are also invited to attend and learn about the possibilities for their children and students at the college level.

Freshman Fifteen will also be held again this year one day prior to College Bound Arkansas. This is a one-day workshop for entering 8th, 9th, and 10th graders, and their parents/teachers, which will give them an introduction to the what college might be like. ATS staff present a variety of sessions all geared toward helping younger students prepare for post-secondary education.

The State Toolkit for Examining Post-School Success (STEPSS) is a web-based, data-based decision making tool designed to support state departments of education in disseminating and using data related to secondary transition (SPP Part B Indicators 1, 2, 13, and 14) to improve in-school transition programs for youth with disabilities. A STEPSS training was held in June 2015 with eight districts attending including, Forrest City School District. We will be reviewing next steps with each district to use this data analysis tool to improve transition outcomes as we increase our efforts to recruit more districts' participation.

Our website (www.arkansastransition.com) is continually updated with new resources, including a new WIOA Facts Guide, Transition Resource Guide (also in Spanish), Transition Fair Toolkit and Guidance and Career Counselor's Toolkit for teachers and counselors; interactive IEP forms for students; healthcare transition information for parents; assessments for secondary aged youth with disabilities, their families and professionals; and updated agency resources by county. We also provide online registration on our website for certain events.

The Arkansas Interagency Transition Partnership (AITP) will hold the fifth annual AITP Summer Connections this summer as a way for district personnel around the state to learn about a variety of agency services. This year we will have more agency presentations and allow for more school district personnel to attend. We will also have an interactive session on the Workforce Innovative Opportunities Act.

In keeping with collaboration, Arkansas Transition Services, Arkansas Rehabilitation Services and Arkansas Department of Education, Special Education, have formed a committee to develop a structure and policy and procedures in including a work program as part of the transition class in school districts. Plans to include trainings on this for the summer are in place. Attendees of this training will include high school special educators, counselors, school principal, special education supervisor and vocational rehabilitation counselor.

In addition and in preparation for the 2017-2018 school year, the following training sessions are being offered this summer for the Great Rivers Education Cooperative, Crowley's Ridge Educational Services Cooperative, and Northeast Education Cooperative: New Interactive

Toolkit Training (including New IEP forms) and Transition Planning: Considerations for Students on the Autism Spectrum and Students with Intellectual Disabilities.

PROGRAM: Behavior Intervention

FUNDING AMOUNT: $83,660

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne.

PERSONNEL:

ADKINS, JULIE   20   MCD, CCC-SLP, BCBA   Behavior Specialist

GOAL:

Increase the local capacity to implement research based interventions when addressing programming for behavior and autism.

PROGRAM SUMMARY:

The Arkansas Behavior Support Specialist provides training and technical assistance to schools on Response to Intervention Tier 2 and 3 behavioral supports. This would include behavioral data collection, functional behavior assessments, behavior plan development, programming, and assistance with classroom/building/district level program development to meet the social/behavioral needs of students with disabilities.

The Arkansas Department of Education, in order that all students make educational progress in the least restrictive environment, provides regionally based behavior consultants. Upon referral by a Local Education Agency, parent or other agency, behavior intervention services are available for the following student populations:

Students most at risk for expulsion or repeated suspensions.

Students at risk of increasingly restrictive educational placements, including residential treatment, due to the student's behavior.

Students identified/suspected as having Autism Spectrum Disorder and are in need of programming to improve educational performance.

Students discharged from a psychiatric residential facility and recommended for ongoing school-based mental health interventions, including day treatment.

Students presently in a school-based day treatment program and in need of continued behavioral programming and support.

To access a Behavior Intervention Consultant for a student for one or more of these populations, the appropriate referral protocol via CIRCUIT through the ADE-SE website is completed. Follow up services are provided for each referral on a 20 hour basis free of charge. Additional services are provided, which include ABA, assessment for autism, and structured teaching setup. A CIRCUIT data base with services provided and outcomes is kept at the state level, which is reviewed at the state level annually.

MAJOR HIGHLIGHTS OF THE YEAR:

Each co-op across the state now has a Behavior Consultant to serve their region, thereby increasing effectiveness in programming.

During this past school year, Behavior Support Specialist (BSS) group has worked to create professional developments related to Tier II (Targeted) and/or Tier III (Intensive) Evidence-Based Behavior Interventions that will be launched in September of 2017. The Co-coordinators have developed four "essential trainings", and the group as a whole have developed eleven additional trainings, for a total of fifteen trainings. These trainings will be offered as a series of professional development to build local capacity through a training/coaching model in the next school year.

PROGRAM: Novice Teacher Mentoring Program

FUNDING SOURCE: ADE Grant

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne.

Sharon Coburn	43	MSE	Gifted Talented/ABC Coordinator
Retha Gipson	42	MSE	Math Specialist
Tish Knowles	20	EDS	Teacher Center Coordinator
Tammy Winslow	24	MSE	Science Specialist

Program Summary:

The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program. Crowley's Ridge Cooperative provided sessions in the Novice Teacher Mentor Program.

GOALS:
• Become familiar with the Framework for Teaching (FfT) and the relationship between Novice

Teacher Mentoring Program and TESS (Teacher Excellence & Support System)
 • Use the Orientation Guide
• Know and be able to implement mentor responsibilities
 • Navigate the Survive and Thrive Module
 • Identify effective coaching techniques for use in the mentoring process

The cooperative provided districts with ongoing support as needed.

PROGRAM: Educational Services for the Visually Impaired (ADE ESVI)

FUNDING AMOUNT: $57000

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, and Wynne. Other areas served not in CRESC include the following counties: Clay, Crittenden, Greene, Lawrence, Randolph, Jackson County, St. Francis and Lee County.

PERSONNEL:

LUCIUS, JUDY 36   MSE   Consultant for Visually Impaired

GOAL:

To assist our school districts in fulfilling the needs of our visually impaired students

PROGRAM SUMMARY:

An Educational Vision Consultant/Certified Orientation and Mobility Specialist for the Visually Impaired (ESVI) provides consultation to assist with visually impaired school-age students in public schools and preschoolers ages 3-5 in any placement. This is provided free of charge through the Special Education Unit of the Arkansas Department of Education. Services are provided by trained professionals who are dually certified in vision education as well as orientation and mobility. Direct instruction in orientation and mobility is provided as needed.

MAJOR HIGHLIGHTS OF THE YEAR:

More students have been added to the program. Other programs and the Special Education Supervisors are finding and providing the needed input to ensure that visually impaired students are picked up/assigned to the caseload early. The earlier these students receive the needed

help/instruction, the more gains these students will make, instead of falling behind their peers because of the lack of understanding of their needs. More school districts are providing magnification technology for the visually impaired students to use. This allows these students to access all materials effectively and improves the quality of their education.

PROGRAM: School Psychology

FUNDING AMOUNT: $284,000

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS: Armorel, Blytheville, Buffalo Island Central,Cross County, Earle, East Poinsett County, Harrisburg, Manila, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, and Bay, along with Developmental Early Childhood

PERSONNEL:

BROADWAY, AMBER   01   EDS   School Psychology Specialist
BRYANT, MARY   16   EDS   School Psychology Specialist, NCSP
HORN, KERI   20   EDS   School Psychology Specialist
MILLER, EDVETTE   0   BS   School Psychology Intern
SENCION, MICHELLE 0   BS   School Psychology Intern
STOVALL, WENDY   18   EDS   School Psychology Specialist

GOAL:

To provide timely, accurate, reliable, and valid special education evaluations for the school districts listed above, according to Special Education and IDEA guidelines, including evaluations for students exhibiting characteristics of autism and dyslexia.

PROGRAM SUMMARY:

The role of the School Psychology Specialist is varied with many aspects. Services include conducting more than 650 individual comprehensive evaluations in accordance with state and federal regulations to assist LEA Special Education Supervisors and school personnel in determining eligibility and how to best meet the needs of the students. Also, consultation services with regard to curriculum-based measurement/progress monitoring as it relates to

response to intervention efforts are provided. Consulting/teaming with school personnel to assist in the development of academic and behavioral interventions with struggling learners is another component of the role of School Psychology Specialist. We also provided specialized Dyslexia trainings to hundreds of teachers in the co-op area. In addition to personalized trainings as needed at each of our schools.

School Psychology Specialists at the coop also serve as Field Supervisors for School Psychology students from the NASP (National Association of School Psychologists) approved Ed.S. School Psychology program at Arkansas State University. Supervision is provided for both practicum students as well as interns. Practicum students are supervised for 600 hours total. Interns are supervised for 1200 hours. Supervisors have a valid state school psychologist credential for the setting in which they are employed, and have a minimum of 3 years of full-time experience as practicing school psychologists. Education and/or experience in the supervision of school personnel are desirable. Typically, supervision is provided by those with more experience for those with less, such that all school psychologists have access to supervision throughout their careers.

The internship site and practicum sites provide opportunities for a range of school psychological services consistent with the NASP Standards for graduate preparation of school psychologists (2010c) and NASP Model for comprehensive and integrated school psychological services (2010a). The internship includes an average of at least 2 hours of supervision per full-time week. The preponderance of field supervision is provided on at least a weekly, individual, face-to-face basis, with structured mentoring and evaluation that focus on development of the intern's competencies.

MAJOR HIGHLIGHTS OF THE YEAR:

Assisting Special Education Staff and Teachers with behavior intervention plans, providing professional development for teachers, leading and assisting school based teams with Response to Intervention (RTI), consultation services with regard to Curriculum-Based Measurement/Progress Monitoring (CBM/PM) as it relates to response to intervention efforts, and aiding other districts, including Wynne, Valley View, Mountain Home, McCrory, McPherson Women's Unit, and Marion, when called upon.

PROGRAM: Career and Technical Education

FUNDING AMOUNT: $316,446 $50,000

FUNDING SOURCE: Federal - Carl D. Perkins   State

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: X   NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, East Poinsett County, Earle, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, and Wynne

PERSONNEL:

BROWN, DEBBIE   16   Administrative Assistant
MCNEELY, CAROLYN   37   MSE   Career Educational Coordinator

GOAL:

The goal of Career & Technical Education is to prepare secondary students for entering the workforce, military or enrolling in postsecondary education after high school graduation. Formerly known as Vocational Education, students are taught valuable technical skills in the areas of Agriculture, Business, Family & Consumer Sciences, Auto Mechanics, Medical Professions, Construction, Drafting and Design, Welding, etc. Ideally, we hope to prepare ALL students for the workforce, post-secondary education and/or military. Other indicators are proficiency in the literacy and geometry, technical skill attainment (CTE EOC Exams and industry certifications), high school course completion and graduation, placement, and nontraditional participation and completion.

PROGRAM SUMMARY:

The Career and Technical Education program of Crowley's Ridge Educational Service Cooperative coordinates the Carl D. Perkins Career and Technical Education Act of 2006 and the Arkansas Department of Career Education initiatives. This office serves as liaison between member schools and the Career and Technical education staff at the Arkansas Department of Career Education. The program serves seventeen consortia districts: Armorel, Bay, Brookland, Buffalo Island Central, Cross County, East Poinsett County, Gosnell, Harrisburg (including Weiner), Earle, Manila, Marion, Marked Tree, Nettleton, Osceola, Riverside, South Mississippi County, and Valley View.   Technical assistance as well as professional development opportunities are offered to non-consortia schools on developing the local Perkins projects, program improvement, and career planning services. The program serves these non-consortia schools in the cooperative area: Blytheville, Newport, Jonesboro, Trumann and Wynne.

MAJOR HIGHLIGHTS OF THE YEAR:

Students were recognized through district, regional, and national student organization events this year.
The Crowley's Ridge Perkins Consortium met all eight Performance Indicator Targets.
Competitive startup and innovative grants were awarded in the amount of $155,315.95.

PROGRAM: Student Management Systems (SMS), Arkansas Public School Computer Network (APSCN) Field Analyst

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne.

PERSONNEL:

RHOADS, PAM   APSCN Student Support

GOAL:

The field analyst provides end-user training and support to Arkansas public school districts using the statewide networked Pentamation Student Management System and provides technical assistance to school districts on-site to evaluate and resolve end-user problems in using the Pentamation Student Management System including state required reporting.

PROGRAM SUMMARY:

The field analysts are currently supporting the new student data reporting version, eSchoolPlus,

which has been phased into all the school districts across the state. The eSchoolPlus system focuses on student management, including demographics, medical, discipline, scheduling, grades and attendance as well as implementing a report writing tool called Cognos. Cognos reports are utilized to evaluate a school's effectiveness. eSchoolPLUS also streamlines communication for teachers, parents, and administrators via the portals of Teacher Access Center and Home Access Center. The Field analysts provide user training and technical support on site as well as at the educational cooperatives on all aspects of eSchoolPLUS.

PROGRAM: Technology

FUNDING AMOUNT: $75,000

FUNDING SOURCE: State

COMPETITIVE GRANT: YES _____   NO X

RESTRICTED   NON-RESTRICTED X

PARTICIPATING DISTRICTS:
Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

BROWN, LEON   12   BS CBU-ITM   Computer Tech

GOALS:

Provide quality technology support for the cooperative and for the member schools.

PROGRAM SUMMARY:

•   Support districts in their efforts to provide technology for teaching and learning
•   Coordinate with districts and schools to increase access to AR IDEAS, AR iTunesU, and AR Digital Sandbox
•   Develop Needs Assessment surveys for Teachers and Administrators across the state.
•   Communicate directly with teachers and district techs via Email, site visits, phone calls, and quarterly tech meetings
•   Maintain the cooperative and technology website

- Video and edit presentations for the cooperative and Region 2
- Provide Erate assistance for the cooperative and member school districts
- Maintain and keep Cooperative network at a high level
- Aid with tech plan writing and assistance to the cooperative and member school districts
- Provide support for Continuity of Operations Planning to the cooperative and member school districts
- Host meetings with district technology coordinators
- Provide support for Arkansas Aspire assessment platform
- Support districts with network or computer related issues
- Attended UCA Computer Science camp
- Support the ADE rollout of Oculus equipment to qualifying districts

ADE Services, Cooperation, and Collaboration:

AR IDEAS
AR iTunesU
AR Digital Sandbox.
Virtual Arkansas
EtherScope – Network Analysis
ACT Aspire Assessments – Technology Ready
NextGen Network – Internet Upgrade
Oculus - Virtual Reality
Computer Science

PROGRAM: Digital Learning – Virtual Arkansas, Team Digital

FUNDING AMOUNT: $95,000

FUNDING SOURCE: ADE Grant - Team Digital – Digital Learning Support Specialist

COMPETITIVE GRANT: Yes___ No X

RESTRICTED: X NON-RESTRICTED:

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL: Superintendent – Cathi Swan, State Coordinator of Digital Learning
Virtual Arkansas Director of Operations –Mike Lar

Virtual Arkansas Director of Technology– Junior Stormes
Virtual Arkansas CTE Campus Supervisor – James Malcolm
Virtual Arkansas Concurrent Credit Campus Supervisor – Ellora Hicks
Virtual Arkansas Director of Academics – John Ashworth

Team Digital Members – Lisa Russell, Gerard Newsom, Rachel Schell, Evan Patrick, Sherry Kennedy, Dexter Miller, Lisa Davis, Amanda Perry

GOAL:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

PROGRAM SUMMARY:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital:
Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team

Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital: Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives. http://connect2digital.org/

MAJOR HIGHLIGHTS OF THE YEAR:
- Held Blended Learning Live! Conference for 23 districts envisioning classrooms of the future
- Trained ADE Units on Personalized Learning and Blended Learning
- Implemented an SIS for schools, facilitators, teachers, and students to track their academic progress in Virtual Arkansas courses
- Held statewide school envisioning meetings of Blended Learning
- Trained over a 150 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2016 INACOL conference on Blended Online Learning
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Shared information at numerous state-wide conferences
- Coordinated and trained ADE and ESCs on ZOOM webinar options
- Scheduled and supported over 50 statewide webinars
- Virtual Arkansas teachers and students earned statewide recognition for their pursuits (Arkansas English Teacher of the Year, Innovative New Art Partnership, Skills USA awards, Economic Arkansas awards, etc.)
- Implemented Computer Science course opportunities to Arkansas schools, per Governor's Initiative
- Created a computer science survey for students to gauge their level of course best suited for them
- Created multiple online modules for ADE implementation of blended learning professional development
- Participated in intensive strategic planning to ensure support and goal-setting aligns with ADE and Cooperative missions
- Trained schools on state data systems on behalf of ADE Research and Technology
- Piloted American Sign Language course for students
- Worked with the Buffalo River Federal Committee to develop science modules
- Created and designed home-grown blended learning professional development to offer to Arkansas educators
- Added a flex-pace pathway for schools with a seat-time waiver

- Offered daily support to schools in the implementation of Act 1280: Digital Learning Requirement

PROGRAM: School/Community Health

FUNDING AMOUNT: $11,000

FUNDING SOURCE: Arkansas Department of Health

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS:
Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Riverside, South Mississippi County, Trumann, Valley View, Wynne, and KIPP Delta in Blytheville

PERSONNEL:

COOK, LAURA   Community Health Nurse Specialist

GOAL:

CHNS focus on the health care of children in tobacco prevention, physical activity and nutrition as well as other child health issues. CHNS support school nurses with resources and technical assistance and also assist them with continuing education hours through trainings and provided updates from both the Arkansas Department of Education and the Arkansas Department of Health.

PROGRAM SUMMARY:

The Community Health Nurse Specialist (CHNS) are responsible for providing technical assistance, education and policy guidance to school district personnel, school nutrition and

health committees, and community health coalitions.

MAJOR HIGHLIGHTS OF THE YEAR:

CHNS offer Continuing Nursing Education courses at the Educational Cooperatives for school nurses free of charge. Between July 1, 2015 and May 26, 2016, 1964 learners were recorded (most taking multiple courses) earning a total of 8065.75 contact hours. This is just one of the many services that the CHNS offer to the schools.

PROGRAM: State School Nurse Consultant

FUNDING SOURCE: Arkansas Department of Health

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne. In addition to CRESC districts, the State School Nurse Consultant provides assistance to all regions in Arkansas.

PERSONNEL:

SMITH, PAULA   State School Nurse Consultant

GOAL:

The goal is to provide professional leadership for all Arkansas school nurses.

PROGRAM SUMMARY:

To accomplish the goal, the SSNC:

•   serves as a liaison for school nurses with state agencies and other partners as well as an advocate for school health needs;
•   encourages health promotion activities through community wellness programs;
•   supervises the development of school health position statements, school nurse training modules, and the school health policies and procedure manual.

In addition, the SSNC establishes a system of continuing education for school nurses focusing on state mandated screenings, immunization requirements, state nursing standards and other school health related areas.

Paula Smith retired in October 2016, and the position was left open. Her replacement is now housed elsewhere.

PROGRAM: Teacher Center (Make and Take)

FUNDING SOURCE: Base

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

COOK, LIZANNE   24   Teacher Center Clerk/Courier
EBERHART, SHERRY   08   Part-time Teacher Center Clerk/Custodian
GOAL:

To provide the CRESC Education Cooperative and our 22 school districts with make-and-take services for preschool through the 12th grade.

PROGRAM SUMMARY:

The Teacher Center workroom is a source of many materials which teachers in the districts use on a regular basis. Many supplies are available to teachers, including a laminating machine, button maker, and book binder. The center also consists of close to 600 various die cuts and 8 cutting machines.   One of the more popular items in the workroom is a poster maker. This machine is used by teachers, administrators, and co-op specialists when conducting workshops and showing examples of materials introduced in meetings and professional development workshops. The workroom also offers ready-made materials, such as letters and cutout designs. Folder games are a mainstay of the workroom and are very popular since time is saved by having the materials available for make-n-take. All of the above mentioned items can

be purchased in the workroom or can be ordered by phone or online. The delivery system in place provides service as needed weekly to school districts.

MAJOR HIGHLIGHTS OF THE YEAR:

We continue to provide hands-on materials for classroom teachers to provide interactive instruction tools for the classroom. The Teacher Center room received a makeover and an additional part-time staff was added.

PROGRAM: Media

FUNDING SOURCE: Base

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

COOK, LIZANNE   24   Teacher Center Clerk/Courier
EBERHART, SHERRY 08   Teacher Center Clerk/Custodian

GOAL:

To provide the CRESC Education Cooperative and our 22 school districts with media and courier services for preschool through the 12th grade.

PROGRAM SUMMARY:

The Media room, which is part of the Teacher Center, has a catalogue of over 450 items for check-out and delivery available to the school districts in our service area. We provide a catalogue for teachers to browse through and check out materials. The media center has over 200 big books, math, science, history, literacy, health and professional development DVDs, and educational resource kits available for check-out.

MAJOR HIGHLIGHTS OF THE YEAR:

During the 2016-17 school year, the media clerk has continued to purge and update the system. As funding becomes available, the media's goal is to add new material to the catalogue.

PROGRAM: Professional Development

FUNDING SOURCE: Base and District Support

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS:

Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

KNOWLES, TISH   20   EdS   Teacher Center Coordinator
MURRELL, CATHY   12   BS   Administrative Assistant
SWANSON, MELISSA14   BA   Administrative Assistant

GOALS:

•   to align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class education system which graduates students who are college and career ready
•   to provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately
•   to improve the learning of all students by providing resources to support adult learning and collaboration
•   to provide curriculum development assistance to schools
•   to support school improvement initiatives generated by the ADE and enhance program

integration through effective communication and technical support

PROGRAM SUMMARY:

The Teacher Center Coordinator has the primary responsibility for planning and carrying out the professional development programs for member districts. The professional development programs are, in part, identified by the results of the needs assessment and in collaboration with the Teacher Center Committee. A wide variety of workshops are provided for teachers, administrators, school board members, and other staff, as needed, throughout the year utilizing the expertise of regional, state, and national consultants to train school personnel to help them develop professionally. In the summer, we contract with Teachers of Excellence in our member districts to provide professional development to their peers. CRESC is in collaboration with the ADE as a training site for the many state initiatives. Collaboration with the ADE, STEM, ASU-ERZ, ASU College of Education, ASBA, APSRC, regional Cooperative Specialists, national presenters,Teachers of Excellence, and various ADE Units help provide professional development for all school personnel. Technology is supported through a variety of training sessions here and at the school sites.

MAJOR HIGHLIGHTS OF THE YEAR:

Major highlights of the year include training and participation in the BloomBoard and EdReflect training. We also offered RtI training for Building Leadership Teams with more training in the upcoming year. This year we began the second cohort for training through June Shelton School for Multisensory Structured Language Education to provide support for districts with students with specific language disabilities and intervention for students with dyslexia. The other highlights include the Superintendents' Professional Development Institute, the Leadership Conference for administrators, and School Board Member training. A full list of professional development is included in this report.

PROGRAM: Novice Teacher Mentoring

FUNDING SOURCE: ADE Grant

COMPETITIVE GRANT: Yes___   No_x_

RESTRICTED FUNDING__X__   NONRESTRICTED FUNDING_____

PARTICIPATING DISTRICTS: Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

KNOWLES, TISH   20   EDS   Teacher Center Coordinator
WINSLOW, TAMMY 24   MSE   Science Specialist
COBURN, SHARON 43   MSE   ABC/GT Coordinator
RETHA GIPSON   42   BSE   Math Specialist

PROGRAM SUMMARY:

Crowley's Ridge ESC held training for Novice teacher Mentoring Project Director Updates during 2016.

New mentor training provided understanding of the elements of the mentoring process and how to utilize BloomBoard/EdReflect online system for gathering and reporting information to the state. The Mentoring Program at Crowley's Ridge Cooperative continued to support participating districts in creating and sustaining a successful mentoring program for new teachers in the profession.

GOALS:
•   Become familiar with the Framework for Teaching (FfT) and the relationship between and TESS (Teacher Excellence & Support System)
•   Know and be able to implement mentor responsibilities
•   Navigate through the mentoring modules
•   Identify effective coaching techniques for use in the mentoring process

PROGRAM: Reading Recovery

FUNDING AMOUNT: $86,500

FUNDING SOURCE: State

COMPETITIVE GRANT: Yes___   No X

RESTRICTED: NON-RESTRICTED: X

PARTICIPATING DISTRICTS: Armorel, Cross County, Trumann, Valley View.

PERSONNEL:

BRASWELL, MELISSA   21   MSE   Reading Recovery Specialist

GOAL:

The goal of Reading Recovery is to dramatically reduce the number of first-grade students who have extreme difficulty in learning to read and write and to reduce the cost of these learners to educational systems. Additional goals are to enhance teacher awareness and implementation of current best practices through high quality professional development, to meet the needs of students through integrated assessment and responsive instruction, and to ensure that all students are meeting the state and national standards in literacy.

PROGRAM SUMMARY:

Reading Recovery® is a short-term intervention of one-to-one tutoring for the low-achieving first graders. Reading Recovery professional development begins with an academic year of graduate-level study and continues in subsequent years through continuing contact with the Reading Recovery teacher leader. With the support of the teacher leader, Reading Recovery teachers develop observational skills and a repertoire of intervention procedures tailored to meet the individual needs of at-risk students. The specially trained Reading Recovery teachers provide students with a half-hour lesson each school day for 12-20 weeks. As soon as students can meet grade-level expectations and demonstrate that they can continue to work independently in the classroom, their lessons are discontinued, and new students begin individual instruction.

MAJOR HIGHLIGHTS OF THE YEAR:

CRESC site discontinuing rate was above the national average.

PROGRAM: Literacy

FUNDING AMOUNT: $86,500/specialist

FUNDING SOURCE: Arkansas Department of Education, Learning Services Division, K-12 Literacy Unit

COMPETITIVE GRANT: YES_____   NO___X__

RESTRICTED   X   NON-RESTRICTED _____

PARTICIPATING DISTRICTS:

Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

BANDY, ANGIE	19	MSE	(NBCT) Literacy Specialist
BESSEE, DAWN	26	EdD	Literacy Specialist
BRASWELL, MELISSA	21	MSE	Reading Recovery Specialist
JONES, KARLA	23	MSE	(NBCT) Literacy Specialist
NAYLOR, REBECCA	35	MSE	ADE Literacy Specialist housed at CRESC

GOALS:

•   To develop, provide, and support the implementation of scientific, research-based professional development for all schools in our cooperative region through staff development, technical assistance, and instructional support for all district educators.
•   To assist schools in meeting state and federal standards through the development of effective strategies including explicit instruction, brain-based instructional strategies, differentiated instruction, formative assessments, and summative assessments.
•   To assist schools and districts in the articulation, design, and implementation of campus-wide and district-wide literacy goals through collaborative data disaggregation, professional learning communities/teams, effective planning strategies, and effective grading practices.
•   To provide individual teacher and classroom support (as requested) through collaborative standards analysis, lesson planning, modeling, and pre- and post-lesson observations and conferences; as well as individual instructional support for teachers' and administrators' implementation of professional development with rigor and fidelity.

PROGRAM SUMMARY:

The literacy program is designed to prepare for and support the literacy needs of all schools and districts in our region. This is accomplished through the delivery of scientific, research-based professional development, job-embedded training, and subsequent support in order for educators and administrators to implement effective literacy practices with fidelity and rigor. The Literacy specialists work with individual teachers, teams, and entire faculties as they work towards increased student achievement and meeting the developmental and cognitive needs of all learners. All trainings are based on the most current research available and are correlated to the state and federal learning standards with regards to the Arkansas English Language Arts Standards, as well as core content-specific standards for Arkansas. As per schools' and districts' requests, the Literacy specialists also provide additional support for those campuses that have been identified by the state as needing improvement.

Staff development is provided during the summer and throughout the school year, with

additional support throughout the year. These trainings and support opportunities include, but are not limited to:

• Dyslexia training
• Implementing Comprehensive Literacy Modules K-8
• Reading Recovery (See previous page on Reading Recovery)
• Content Literacy instruction
• Curriculum mapping and alignment
• Literacy Design Collaborative (LDC) for secondary schools
• Differentiated Instruction
• Argumentative/Expository Writing across the disciplines
• Close Reading
• Vocabulary instruction
• Disciplinary Literacy
    Instructional Facilitator

ADE Services, Cooperation, and Collaboration:

The Arkansas Department of Education (ADE), in conjunction with the Education Service Cooperatives, offers professional development that focuses upon the development of effective literacy practices in grades K-12. The current state initiatives being supported through the cooperative are as follows: Comprehensive Literacy in K-12, Content Literacy, and the Literacy Design Collaborative. The Literacy specialists provide additional support to schools as they implement these state initiatives, as well as provide technical assistance for schools with regards to aligning their curriculum to the state standards. The Literacy specialists with Crowley's Ridge Educational Service Cooperative (CRESC) consistently make a concerted effort to communicate with all educators and administrators regarding the availability of these school support services and staff development.

PROGRAM: Science

FUNDING AMOUNT: $86,500

FUNDING SOURCE: Arkansas Department of Education, Learning Services Division, K-12 Science Unit

COMPETITIVE GRANT: YES_____   NO X

RESTRICTED   X   NON-RESTRICTED _____

PARTICIPATING DISTRICTS:

Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

WINSLOW, TAMMY 24   MSE   Science Specialist

GOALS:

•   Promote and lead change in science education by facilitating conversations around the new Arkansas K-12 science standards.
•   To develop, support, and promote effective scientifically researched-based science programs, including STEM, which will impact learning for all students.
•   To develop and provide staff development training, technical assistance, and instructional support as requested by ADE and/or CRESC member schools.
•   To assist schools in meeting state science standards and CCSS English Language Arts Standards for Science and Technical Subjects by providing and modeling effective instructional strategies.

PROGRAM SUMMARY:

The science program strives to anticipate and meet the continuing needs of the twenty-two public school districts in the Crowley's Ridge Educational Service Cooperative area. The science specialist works with districts as requested to develop, support, and promote effective research-based science programs designed to encourage maximum achievement for all students. Professional development sessions and technical assistance opportunities are designed to enhance teachers' content knowledge and content pedagogical knowledge that will translate into classroom practices. In addition, the science specialist collaborates with other specialists across the state to develop and implement ADE Science Professional Development opportunities for teachers.

Science professional development opportunities are available to area schools throughout the year. Such science professional development opportunities included but not limited to:

Science professional development opportunities are available to area schools throughout the year. Such science professional development opportunities included but not limited to:

•   Understanding the New AR K-12 Science Standards
•   Disciplinary Literacy:

Summarizing
Write to Learn
Close Reading
Argument Writing
Vocabulary Strategies
Questioning
- SIM: Strategic Instructional Model
- 5E/7E Model of Instruction
- Picture Book Science
- Problem Based Learning
- Kit-Based Science
- AIMS: Activities Integrating Math and Science
- Sciences and Engineering Practices
- Science Notebooking
- Quirkles: Exploring Phonics Through Science
- Writing Science Mini Grants
- Classroom Management
- Cooperative Learning Structures
- TESS Teacher Training

Using coding to develop STEM Lessons

ADE Services, Cooperation, and Collaboration:

The Arkansas Department of Education, in conjunction with the Education Service Cooperatives, offers professional development focusing on science development for grades K-12. Science specialist provides technical assistance to schools as they continue aligning local curriculum with the current Arkansas Science Frameworks and CCSS English Language Arts Standards for Science and Technical Subjects increasing student success in science assessments.

In addition, we are committed to continued collaboration by facilitating conversations and learning opportunities around the new AR K-12 Science Frameworks and resources needed to successfully implement.

Science Department areas of Support:

- District Leadership Meetings
- Lesson Planning
- Team Meetings / Professional Learning Communities
- Classroom Observations for content knowledge, instructional strategies, student engagement, and classroom management
- Classroom Walk-Through with administration
- Providing feedback and Support
- Instructional Facilitator Support

- Data Analysis
- Teacher Support with TESS

Technology professional development opportunities are available to area schools throughout the year. Such technology professional development opportunities include but not limited to:

- Arkansas Ideas
- Teachscape
- iPads in the science classroom,
- Google Drive
Dropbox
- Wikis
- Vernier Tools
- Gizmos
- Google Hangout
Integrate STEM lessons through coding

PROGRAM: Math

FUNDING AMOUNT: $86,500/specialist

FUNDING SOURCE: Arkansas Department of Education, Learning Services Division, K-12 Science Unit

COMPETITIVE GRANT: YES_____   NO X

RESTRICTED X   NON-RESTRICTED _____

PARTICIPATING DISTRICTS:

Armorel, Bay, Blytheville, Brookland, Buffalo Island Central, Cross County, Earle, East Poinsett County, Gosnell, Harrisburg, Jonesboro, Manila, Marion, Marked Tree, Nettleton, Newport, Osceola, Rivercrest, Riverside, Trumann, Valley View, Wynne

PERSONNEL:

| LEE, JAMES | 18 | MSE | Math Specialist |
| GIPSON, RETHA | 42 | MSE | Math Specialist |

GOALS:

- To promote and support effective, research-based mathematics practices for all students by providing professional learning opportunities and technical assistance to teachers, math coaches, curriculum specialists, administrators, school improvement members, instructional assistants, mathematics interventionists, parents, SPED, and Title I math teachers in the area of standards-based mathematics curricula, instruction, and assessment.
- To promote and lead change in mathematics education by facilitating conversation around the new K - 12 Arkansas Mathematics Standards and to assist schools in meeting those standards by providing and modeling effective instructional strategies
- To develop and provide staff development training, technical assistance, and instructional support as requested by ADE and/or CRESC member schools.

PROGRAM SUMMARY:

The mathematics program strives to anticipate and meet the continuing needs of the twenty-two public school districts in the Crowley's Ridge Educational Service Cooperative area. The mathematics specialists work with districts as requested to develop, support, and promote effective research-based mathematics programs designed to encourage maximum achievement for all students. Professional development sessions and technical assistance opportunities are designed to enhance teachers' content knowledge and content pedagogical knowledge that will translate into classroom practices. In addition, the mathematics specialists collaborate with other specialists across the state to develop and implement ADE Mathematics Professional Development opportunities for teachers.

James Lee worked with over 200 teachers developing CGI in their classrooms. James worked with the 4 teachers from our Co-op region that were selected to participate in the state CGI Leadership training. The teachers are now certified CGI trainers. Both Math specialists worked with Math Coaches and Math Leaders using the Understanding by Design (UbD) model.

Retha Gipson received training in the new state implemented professional development as well as the Novice Teacher Mentoring Program. She used that training to provide professional development opportunities with emphasis on middle and secondary level mathematics to area schools throughout the year. Retha helped implement the Mathematica Design Collaborative program at one school during the 2016-17 school year while continuing support for former cohorts from previous MDC schools.

Mathematics professional development opportunities are available to area schools throughout the year. Such mathematics professional development opportunities included but was not limited to:

- The revised Arkansas Mathematics Standards
- ECM
- CGI

- MDC
- Data and statistics
- Building Integer concepts
- Analyzing High School Functions
- Proof and reasoning in mathematics
- Thinking mathematically
- Periodic assessment/Act Aspire

ADE Services, Cooperation, and Collaboration:

Cognitively Guided Instruction
Extending Children's Mathematics
Mathematics content at all grade levels and all traditional high school courses
Improve chances for students to be college and career ready
Instructional Facilitation Training
Assessment Preparation and Planning (formative and summative)
Model Lessons for Instructors with Pre- and Post- Discussion
Mathematics Design Collaborative for Various Grade-levels
Data Analysis
Data Modeling
Arkansas State Mathematics Standards Understanding
Understanding by Design Unit Planning

In addition we are committed to continued collaboration by facilitating conversations and learning opportunities around the Arkansas Mathematics Standards document.

Mathematics Department areas of support:

- District Leadership Meetings
- Lesson Planning
- Team meetings/ Professional Learning Communities
- Classroom observations for content knowledge, instructional strategies, student engagement, and classroom management
- Providing feedback and support
- Teacher support with TESS

Crowley's Ridge Educational Cooperative

2016-2017

SPECIAL PROJECTS AND PROGRAMS

FUNDING SOURCE: Arkansas Department of Education

        RESTRICTED X   NON-RESTRICTED 0

Detailed below are descriptions of special projects or programs in which state funding provided services regionally or statewide-giving opportunity for this cooperative to participate, although the cooperatives serving as fiscal agents for the projects varied.

Fingerprinting
Competitive Grant   Yes 0   NoX
Goals and Description:

In an effort to help districts with changes in the law in the area of fingerprinting employees, ADE provided fingerprinting machines, along with proper training to Cooperative staff. Crowley's Ridge began fingerprinting in the summer of 2014, and continues to provide fingerprinting to all districts and Arkansas State University preservice teachers. There were more than 800 fingerprinted this year.

Program Name: EtherScope Project
Competitive Grant   Yes 0   No X
Goals and Description: In an effort to assist schools in preparation for online Common Core State Standards testing in 2014-15, ADE awarded a grant to the Co-ops for the purchase of EtherScopes. There were EtherScopes purchased for each cooperative. All schools were

evaluated to see if their networks are capable of connecting one computer to one student for the CCSS testing. Each year, the technology coordinator makes follow-up visits, as neededWhen we visit each school, we save reports from the EtherScope for evaluation purposes and inform the school technology coordinator of the findings.

Program Name: CGI-Cognitively Guided Instruction & ECM-Extending Children's Math
Competitive Grant   Yes 0   No X
Goals and Description: Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2 & 3 of training builds upon the previous year's training—resulting in a true, long-term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction. ECM is for the upper elementary content math teachers. It includes fractions and fraction connections.

Program Name: Enhancing Education Through Technology Grant (EETT) & Technology Infused Education (TIE) Project
Competitive Grant   Yes X   No 0
Goals and Description: The purpose of the TIE project is to increase technology integration across the state of Arkansas. This program was originally funded when Southwest Arkansas Education Co-op wrote a comprehensive partnership EETT grant to develop a statewide professional development module system to embrace all forms of technology, meet the needs of teachers and administrators, and address State standards while enhancing instruction through integrated technology practices. The cooperatives and ADE have partnered to continue this funding. All education cooperatives across the state were offered the opportunity to train teachers from their area to become TIE Cadre members. There are currently approximately 100 TIE Cadre members impacting over 70 districts across the state. The focus of cadre training is to support technology integration in curriculum. Training includes a focus on Common Core Standards, unit planning and tools teachers can use. Cadre members then share this knowledge in trainings offered at the co-ops. They have conducted over 450 workshops across the state on 78 different technology modules. The trainings have impacted over 5,000 teachers and administrators. The modules are all project based and have been developed by teachers. Modules include trainings on things such as Common Core State Standards, Blogs, Classroom Wikis, High Yield Strategies with Technology, Internet Safety, Podcasting and Video Editing. Modules are housed on the TIE website at http://lms.swsc.k12.ar.us. By sharing these modules across the state, we are able to offer quality technology trainings. The cadre members not only train for the education co-ops in the summer but are also able to help train in their buildings and districts. Module development and professional growth are the focus of cadre trainings.

Program Name: Literacy Design Collaborative/Mathematics Design Collaborative (LDC/MDC)
Competitive Grant   Yes 0   No X

Goals and Description: The LDC/MDC is an on-going professional development process which consists of tasks aligned to the Common Core State Standards that target those skills needed in reading, writing, and mathematics. Formative assessment is used as a tool for monitoring what students are learning and identifying misunderstanding or skill weaknesses in students. These tasks work together to provide robust learning opportunities for students that are evaluated with a scoring rubric that helps educators across our state and nation calibrate high expectations. The LDC/MDC work is implemented in literacy, social studies/history, mathematics, science and career education classes for students in grades 5-12.

Program Name: Teacher Excellence Support System (TESS)
Competitive Grant   Yes 0   No X
Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Crowley's Ridge Educational Service Cooperative held the three hours Law and Process training(s). The Arkansas Department of Education provided training at each co-op for districts that opted in for premium services. Crowley's Ridge Educational Service Cooperative scheduled additional sessions to extend the learning and support to administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2016-17 school year.

Program Name: Arkansas Leadership Excellence and Development System (LEADS)
Competitive Grant   Yes 0   No X
Goals and Description: The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being developed). Trainings for the LEADS program throughout the 2014-2015 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other information, as needed in individual cooperatives.
